Welcome to The Forest School! We offer the first forest-based afterschool program: located close to school, yet in the heart of nature.

Summer or winter, rain or shine - kids at The Forest School are always free to build huts, collect treasures and explore outside. Together with our Forest Guides and nature experts they will go on the biggest little adventures and discover the great outdoors.

We believe in the principles of discovery learning, free play, and spending time outside. The forest offers the perfect environment for curious adventures as well as a safe haven to calm a child's nervous system.

Good to know:

- For kids 4-12 years old
- Open Monday - Thursday afternoons
- We offer flexible afterschool programs and Forest Camps during school holidays
- We pick up from 10+ schools
- Trained Forest Guides in pedagogy, safety and nature
- We speak both Dutch and English
- Organic and healthy snacks & drinks
